ACTION
git bisect

DETAIL
You can use bisect any time a "Bug" card is played against you. Bisect quickly finds the source of the bug, counteracting the bug card's action.

ACTION
Bug

DETAIL
Play on a specific code card another player's commit. This commit has a bug and must be discarded.

ACTION
Bug

DETAIL
Play on a specific code card another player's commit. This commit has a bug and must be discarded.

ACTION
git blame

DETAIL
You can use blame any time a "Bug" card is played against you. The bug must be passed to another player of your choosing. If no players have active commits, the bug is discarded.
